

## CitySwitch 'South Australian New Signatory of the Year' 2016

### Winner: WAX Design

"New CitySwitch signatory, WAX Design embraced the opportunity to green their office, implementing a wide range of environmental actions within a short period of time of joining the program.

In addition to installing a 3 kW solar system – as recognised in the Partnership Award...

WAX Design retrofitted and reviewed the energy efficiency of their lighting and undertook indicative NABERS tenancy ratings to assist with goal setting. They introduced desk sharing to reduce computer hardware needs and a computer turnoff policy. For business travel to meetings they use the GoGet Car share system. The majority of their office furniture is made from reclaimed materials or is up-cycled. To minimise waste, they actively minimised printing and prioritised recycling.

WAX Design also actively promotes and achieves sustainability outcomes through their landscape design service."
